

# Northwest Glass, Molders, Pottery, Plastics, and Allied Workers Pension Trust

Physical Address 7525 SE 24th Street, Suite 200, Mercer Island, WA 98040 • Mailing Address PO Box 34203, Seattle, WA 98124

Phone (206) 664-7300 or (800) 426-7132 • Fax (206) 695-0984

Administered by  
Welfare & Pension Administration Service, Inc.

## Annual Funding Notice

### Introduction

This notice provides key details about your multiemployer pension plan (the “Plan”) for the plan year beginning April 1, 2024 and ending March 31, 2025 (“Plan Year”).

**This is an informational notice. You do not need to respond or take any action.**

This notice includes:

- Information about your Plan’s funding status.
- Details on your benefit payments guaranteed by the Pension Benefit Guaranty Corporation (PBGC), a federal insurance agency.

### ***What if I have questions about this notice, my Plan, or my benefits?***

Contact your plan administrator at:

- Welfare & Pension Administrative Service, Inc.
- **Phone:** (206) 441-7574 or 1 (800) 732-1121
- **Address:** P.O. Box 34203, Seattle, WA 98124

To better assist you, provide your plan administrator with the following information when you contact them:

- **Plan Name:** Northwest GMP Pension Plan
- **Employer Identification Number:** 91-6033485
- **Plan Number:** 001

### ***What if I have questions about PBGC and the pension insurance program guarantees?***

Visit [www.pbgc.gov/prac/multiemployer](http://www.pbgc.gov/prac/multiemployer) for more information. For specific information about your pension plan or pension benefits, you should contact your employer or plan administrator as PBGC does not have that information.

Federal law requires all traditional pension plans, also known as defined benefit pension plans, to provide this notice every year regardless of funding status. This notice does not mean your Plan is terminating.

### **How Well Funded Is Your Plan?**

The law requires the Plan’s administrator to explain how well the Plan is funded, using a measure called the “funded percentage.” The funded percentage is calculated by dividing Plan assets by Plan liabilities. In general, the higher the percentage, the better funded the plan. The chart below shows the Plan's funded percentage for the Plan Year and the two preceding plan years. It also lists the value of the Plan's assets and liabilities for those years.

Funded Percentage			
	2024 Plan Year	2023 Plan Year	2022 Plan Year
Valuation Date	April 1, 2024	April 1, 2023	April 1, 2022
Funded Percentage	100%	100%	101%

Funded Percentage			
	2024 Plan Year	2023 Plan Year	2022 Plan Year
Value of Assets	\$86,740,059	\$87,798,178	\$88,224,206
Value of Liabilities	\$86,965,124	\$87,890,414	\$87,366,417

## Year-End Fair Market Value of Assets

To provide further insight into the Plan's financial position, the chart below shows the fair market value of the Plan's assets on the last day of the Plan Year and each of the two preceding plan years as compared to the actuarial value of the Plan's assets on March 31<sup>st</sup>.

- **Actuarial values (shown in the chart on the previous page)** account for market fluctuations over time. Unlike market values, actuarial values do not change daily with stock or market shifts.
- **Market values (shown in the chart below)** fluctuate based on investment performance, providing a more immediate snapshot of the plan's funding status.

	March 31, 2025	March 31, 2024	March 31, 2023
Fair Market Value of Assets	\$87,500,000*	\$86,866,788	\$81,629,290

\* Estimate based on March 31, 2025 unaudited financial statements.

## Endangered, Critical, or Critical and Declining Status

Under federal pension law, a plan's funding status determines the steps a plan must take to strengthen its finances and continue paying benefits:

- **Endangered:** The plan's funded percentage drops below 80 percent. The plan's trustees must adopt a funding improvement plan.
- **Critical:** The plan's funded percentage falls below 65 percent or meets other financial distress criteria. The plan's trustees must implement a rehabilitation plan.
- **Critical and Declining:** A plan in critical status is also designated as critical and declining if projected to become insolvent—meaning it will no longer have enough assets to pay out benefits—within 15 years (or within 20 years under a special rule). The plan's trustees must continue to implement the rehabilitation plan. The plan's sponsor may seek approval to amend the plan, including reducing current and future benefits.

The Plan was not in endangered, critical, or critical and declining status in the Plan Year.

The Plan is also not in endangered, critical, or critical and declining status for the plan year ending March 31, 2026.

## Participant and Beneficiary Information

The following chart shows the number of participants and beneficiaries covered by the Plan on the last day of the Plan Year and the two preceding plan years. The numbers for the Plan Year reflect the plan administrator's reasonable, good faith estimate.

Number of participants and beneficiaries on last day of relevant plan year	2024 Plan Year	2023 Plan Year	2022 Plan Year
1. Last day of plan year	3/31/2025	3/31/2024	3/31/2023
2. Participants currently employed	710	802	799
3. Participants and beneficiaries receiving benefits	682	667	642

Number of participants and beneficiaries on last day of relevant plan year	2024 Plan Year	2023 Plan Year	2022 Plan Year
4. Participants and beneficiaries entitled to future benefits (but not receiving benefits)	719	725	726
5. Total number of covered participants and beneficiaries ( <i>Lines 2 + 3 + 4 = 5</i> )	2,111	2,194	2,167

## Funding & Investment Policies

### Funding Policy

Every pension plan must establish a funding policy to meet its objectives. The funding policy relates to how much money is needed to pay promised benefits. The Plan's funding policy is to maintain a balance such that plan resources will fund plan obligations. Plan resources include accumulated plan assets plus expected future contributions and investment income. Plan obligations are benefit payments to current and future retirees and beneficiaries, including benefits earned to date as well as benefits expected to be earned in the future. Plan obligations also include expected expenses paid from plan assets. In implementing this funding policy, the Plan Trustees will work with professional advisors to adopt a prudent investment policy and to determine the actuarial value of plan obligations. Over time, the Trustees may adjust plan benefits in response to investment returns and other plan experience.

### Investment Policy

Pension plans also have investment policies that provide guidelines for making investment management decisions. The Plan's investment policy is to direct the investment of Plan assets for the exclusive purpose of providing benefits to participants and beneficiaries and defraying the reasonable expenses of administering the Plan. In carrying out this policy, the Plan will engage investment managers who will have discretion to invest assets in various asset classes. The Plan will communicate to the investment managers the general investment objective of the Plan, which is to achieve an overall return sufficient to support the benefits provided under the Plan while minimizing volatility of market prices and returns.

Specific objectives in order of priority are:

- a. Preservation of Capital
- b. Capital Appreciation
- c. Current Income
- d. Consistency of Investment Returns, and
- e. Liquidity.

Investment managers will provide performance returns quarterly and the Board of Trustees will meet with the investment managers periodically to discuss performance, strategy, and economic outlook. Each investment manager shall be assigned a benchmark based on the investment strategy for which they are utilized. The performance of investment managers is reviewed at least semi-annually, and they are expected to meet performance standards over the course of a market cycle.

As of the end of the Plan Year the Plan's assets were allocated among the following investment categories as percentages of total assets:

Asset Allocation	Percentage
Public equity	51%
Private equity	0%
Investment grade debt and interest rate hedging assets	30%
High-yield debt	1%
Real assets	0%
Cash or cash equivalents	3%
Other	15%

The estimated average return on assets for the Plan Year was 6.4%.

## **Right to Request a Copy of the Annual Report**

Pension plans must file an annual report, called the **Form 5500**, with the U.S. Department of Labor. The Form 5500 includes financial and other information about these pension plans.

You can get a copy of your Plan's Form 5500:

- **Online:** Visit [www.efast.dol.gov](http://www.efast.dol.gov) to search for your Plan's Form 5500.
- **By Mail:** Submit a written request to your plan administrator.
- **By Phone:** Call [\(202\) 693-8673](tel:2026938673) to speak with a representative of the U.S. Department of Labor, Employee Benefits Security Administration's Public Disclosure Room.

The Form 5500 does not include personal information, such as your accrued benefits. For details about your accrued benefits, contact your plan administrator.

## **Summary of Rules Governing Insolvent Plans**

Federal law has a number of special rules that apply to financially troubled multiemployer plans that become insolvent, either as ongoing plans or plans terminated by mass withdrawal. The plan administrator is required by law to include a summary of these rules in the annual funding notice. A plan is insolvent for a plan year if its available financial resources are not sufficient to pay benefits when due for that plan year. An insolvent plan must reduce benefit payments to the highest level that can be paid from the plan's available resources. If such resources are not enough to pay benefits at the level specified by law (see Benefit Payments Guaranteed by PBGC, below), the plan must apply to PBGC for financial assistance. PBGC will loan the plan the amount necessary to pay benefits at the guaranteed level. Reduced benefits may be restored if the plan's financial condition improves.

A plan that becomes insolvent must provide prompt notice of its status to participants and beneficiaries, contributing employers, labor unions representing participants, and PBGC. In addition, participants and beneficiaries also must receive information regarding whether, and how, their benefits will be reduced or affected, including loss of a lump sum option.

## **Benefit Payments Guaranteed by PBGC**

Only vested benefits—those that you've earned and cannot forfeit—are guaranteed.

### ***What PBGC Guarantees***

PBGC guarantees "basic benefits" including:

- Pension benefits at normal retirement age.
- Most early retirement benefits.
- Annuity benefits for survivors of plan participants.
- Disability benefits for disabilities that occurred before the earlier of the date the plan terminated or the sponsor's bankruptcy date.

### ***What PBGC Does Not Guarantee***

PBGC does not guarantee certain types of benefits, including:

- A participant's pension benefit or benefit increase until it has been part of the plan for 60 full months. Any month in which the multiemployer plan was insolvent or terminated due to mass withdrawal does not count toward this 60-month requirement.
- Any benefits above the normal retirement benefit.
- Disability benefits in non-pay status.
- Non-pension benefits, such as health insurance, life insurance, death benefits, vacation pay, or severance pay.

### ***Determining Guarantee Amounts***

The maximum benefit PBGC guarantees is set by law. Your plan is covered by PBGC's multiemployer program. The maximum PBGC guarantee is \$35.75 per month, multiplied by a participant's years of credited service.

PBGC guarantees a monthly benefit based on the plan's monthly benefit accrual rate and your years of credited service. The guarantee is calculated as follows:

1. Take 100 percent of the first \$11 of the Plan's monthly benefit accrual rate.
2. Take 75 percent of the next \$33 of the accrual rate.
3. Add both amounts together.
4. Multiply the total by your years of credited service to determine your guaranteed monthly benefit.

**Example 1:** Participant with a Monthly \$600 Benefit and 10 Years of Service.

1. Find the accrual rate:  $\$600/10 = \$60$  accrual rate.
2. Apply PBGC formula:
  - a. Take 100 percent of the first \$11 = \$11
  - b. Take 75 percent of the next \$33 = \$24.75
3. Add the two amounts together:  $\$11 + \$24.75 = \$35.75$
4. Multiply by years of credited service:  $\$35.75 \times 10 \text{ years} = \$357.50$

In this example, the participant's guaranteed monthly benefit is \$357.50.

**Example 2:** Participant with a \$200 Monthly Benefit and 10 Years of Service.

1. Find the accrual rate:  $\$200/10 = \$20$  accrual rate.
2. Apply PBGC formula:
  - a. Take 100 percent of the first \$11 = \$11
  - b. Take 75 percent of the next \$9 = \$6.75
3. Add the two amounts together:  $\$11 + \$6.75 = \$17.75$
4. Multiply by years of credited service:  $\$17.75 \times 10 \text{ years} = \$177.50$

In this example, the participant's guaranteed monthly benefit is \$177.50
